

BKRT EATERIES - Brown, Doniphan & Nemaha counties

There are 50+ places to eat and drink in these three counties. There's something for all tastes and diet requirements, including gluten-free. It's hard to tell restaurants how many to expect for this event, so if you find a restaurant that has run out of food, please be flexible and find another or a grocery store where there are often ready-made choices. Most places will do carry-out so please plan and order ahead to give them extra time to prepare your order. Please tip generously.

Eat, Drink & Enjoy!
